One Thing - One Direction

I tried playing it cool
Girl when I'm looking at you
I can't ever be brave
Cause you make my heart race

Shot me out of the sky
You're my kryptonite
You keep making me weak
Yeah, frozen and can't breathe

Some things gotta give now
Cause I'm dying just to make you see
That I need you here with me now
Cause you've got that one thing

So get out, get out, get out of my head
And fall into my arms instead
I don't, I don't, don't know what it is
But I need that one thing
And you've got that one thing

You've got that one thing

Get out, get out, get out of my head
And fall into my arms instead
I don't, I don't, don't know what it is
But I need that one thing
And you've got that one thing

Now I'm climbing the walls
But you don't notice at all
That I'm going out of my mind
All day and all night

Some things gotta give now
Cause I'm dying just to know your name
And I need you here with me now
Cause you've got that one thing

So get out, get out, get out of my mind
And come on, come into my life
I don't, I don't, don't know what it is
But I need that one thing
And you've got that one thing

Get out, get out, get out of my mind
And come on, come into my life
I don't, I don't, don't know what it is
But I need that one thing
And you've got that one thing
One Thing - One Direction

The person who has a crush on someone can often have uneasiness about how the partner thinks of oneself and be suspicious. If the feeling which one has a crush on someone is strong, in one's mind, it will have two large effects: sleeping time and selfish imagination. The person who has fully sleeping time may suddenly get difficult to secure it. Because they keep on thinking of that person. Some are depressed by groundlessly imagining something about them. “One thing” by One Direction is a love song about a boy who has a crush on a girl. The first verse shows the thing which happens when he sees the girl whom he likes. He has tried to play cool to attract her attention, but he cannot look cool anymore when he meets her. He seems to be afraid of expressing his feeling and lose his gut to tell it to her. The second verse is a simile. It is the figurative language describing how perplexed his feeling is. In the lyrics, he is a superman and she is the kryptonite which is a material from the” Superman mythos” and it has the effect on weaken the Superman. ” Shot me out of the sky.” and” You're my kryptonite.” means that he keeps on thinking of only her but she frustrates his feelings as her taking advantage of them. The third and fourth verse emphasize how perplexed he is right now and show what makes him that way. “Now I'm climbing the walls. But you don’t notice at all. That I'm going out of my mind all day and all night.” means his impatience that his love for the girl which is very strong is not quite reached for her. In addition, the impatience is the same one thing in the girl which has made him crazy. However, in the lyrics, “one thing” is not clearly mentioned. Probably the meaning of much may be included in the word and it may not be able to be expressed by a word. However, based on the main idea of the song and in line with all the lyric lines, it is conceivable that “one thing” that the boy expects so much is her heart or her answer to say "I love you, too."
